Wesley Spectrum is again partnering with the Pennsylvania Resource Parent Association to bring to you a one day conference on April 13, 2020. You will be able to earn six training hours by attending the entire conference. This will also satisfy one of the WS' requirements to attend an in-house training. Trainers from the state, other local agencies, and WS will provide the instruction. This conference will be open to foster care agencies across the state, giving you the chance to meet other resource parents that you may otherwise not get to know. County agencies will be invited as well, giving you the opportunity to meet some of the people for whom you have only seen names. It is difficult to describe the energy that comes from bringing all of these people together, but it is contagious and well worth making the time to attend.
